Course/programme	Statistics and Data Mining
Address	Linköping, Sweden
Post code	58183
City, town or district	Linköping
Contact person	
Contact person's e-mail address	
Contact person's telephone number	

9. Reasons for studies in Sweden

I have chosen these studies because	Sweden is a beautiful country and is renowned for its technological advancements. Sweden is playing a vital role in revolutionizing the technological world. Moreover, majority of universities in Sweden offer courses in English language which removes the communication barrier. The Statistics and Data Mining course offered at Linkoping University is one of the best Data Sciences course I have come across while searching an appropriate data sciences program for Masters.
